Ok, thanks! Yes, I'm going to leave myself a lot of extra time and will definitely plan on being there early! Hopefully traffic will be in my favor. My cell is [Ex. 6 Personal Privacy (PP)] if you need to be in touch.

Miranda,

The slides look great. Thanks for hearing my feedback!

I think the presentation will help folks understand things better and provide confidence that the TMDLs will get completed.

I included a few Ecology lessons learned and reattached.

Are you able to get there about 15 minutes early so we can get settled and the presentation loaded before we begin?

Leanne

Great! I got the documents, thanks. Lunch followed by site visits sounds good to me. I'm thinking to leave no later than 3 to make it back before 5.

Was just finishing compiling an email with those documents.

I'll take a look at the presentation and plan to get back to you this afternoon or tomorrow morning.

I have a few ideas for site visits after the meeting on Thursday -- maybe let's get lunch after and then spend an hour or two. That way you can hopefully get back on the road before rush hour.

Thanks so much, Miranda.

Hi Leanne,

I think the presentation looks a lot better, so thanks again for your feedback! Slide 9 is a blank one for your lessons learned. Or, if you think we have similar ones I can delete that one and we can talk from the same slide. Feel free to add to it in whatever way makes sense. Or let me know your bullets and I can edit it.

Also, do you happen to have Ecology's responses to the older CLIPA report? I think you mentioned one from 2016.

Thanks,

Hi Miranda,

I have a few suggestions/ideas, perhaps we could talk tomorrow?

I am free all morning and early afternoon.

Hi Leanne,

I appreciate you agreeing to take a look at these before I come down on Thursday. I still have to add some sort of background design to them, but I figured I'd go ahead and send you the content. If you have any suggestions on a better way to present or walk through the information, I'll gladly take that. Or anything that I'm missing that you think they'd be interested in hearing about.

Thanks!
